This welcome sign is out wherever you go. . .

Whenever you and your car are away from home and you need service, parts or preventive maintenance just check this little booklet: There is always a VW Dealer close to you.

You'll find Authorized VW Service in all the 50 States of the USA, in each of the 10 Provinces of Canada, in the main cities of Mexico and in another 133 countries all over the world. And all of them will service your Volkswagen thoroughly, quickly, efficiently.

Because they employ factory trained technicians.

Because they work with Volkswagen approved tools and equipment.

Because they keep a complete inventory of Genuine VW Parts on hand or on tap at all times. (You don't have to wait to take substitutes.)

And because they all charge reasonable prices.

In short: You'll find VW Service as reliable as the car itself wherever you and your Volkswagen go.
