

2019 Jetta

Move over for this racy new makeover.

With a bold, new redesign and enhanced performance, the 2019 Jetta is engineered to make a long-standing Volkswagen favourite your new favourite ride. Powered by a 1.4 TSI engine delivering spirited yet fuel-efficient performance in your choice of 6-speed manual transmission or 8-speed automatic with Tiptronic® for lightning-fast shifting. And a refined interior that boasts boundless amenities, along with sophisticated technology, including Electronic Stability Control, App-Connect smartphone integration, and touchscreen radio with proximity sensor. All housed in a sleek, seductive exterior that announces your arrival with style and panache. Fasten your seatbelts and get ready for the joyride of your life.

Key Features

LED headlights and tail lights

Brighter, bolder, and offering better energy efficiency, LED headlights with daytime running lights and LED tail lights give the 2019 Jetta and its driver the high visibility they deserve – coming or going.

Available Digital Cockpit*

Stores up to three driver profiles plus a guest's, welcoming you by name and resetting to your preferences for mirrors, climate, and radio station. Plus, instantly access essential information, like range to your next fill-up, driver assistance settings and more.

Available Rail 2 Rail sunroof

The boldly redesigned 2019 Jetta is sure to have all eyes on your ride. And with the Rail 2 Rail sunroof, it's all eyes on the sky, offering sweeping vistas spanning almost the entire overhead expanse.

Available infotainment driving mode screens*

Your Discover Media infotainment system puts satellite navigation, along with your choice of driving mode selection – Eco, Comfort, Normal, Sport, and Individual – all at your fingertips with touchscreen activation.

Available BeatsAudio™ speakers

Bring the audio technology that inspired a headphone-listening renaissance right into your ride, with speakers by BeatsAudio™. Engineered by audiophiles, perfected by a music icon, with bass-heavy beats guaranteed to put the bump in your trunk.

Available radar-based Adaptive Cruise Control**

Maintain consistent speed and distance with intelligent radar-based technology that automatically brakes when traffic slows, and accelerates when it flows. All without your feet touching the pedals.†

*Do not drive distracted. Drivers must pay full attention to the road and safe driving at all times. **Driver assistance feature. Drivers must continue to perform manual checks and pay full attention to the road and safe driving at all times. Please review the owner's manual for feature limitations. †In emergency situations, it is still necessary to apply the brakes manually.
