Type Number:

On identification plate affixed on the front panel in front luggage compartment beside spare wheel.

Chassis Number:

On frame tunnel under the rear seat.

Engine Number:

On the crankcase beside the joint near the oil cooler.

Transmission and Rear Axle Number:

On the right side of the transmission case behind the gear carrier.

Explanation of signs

- × in the "Quantity" column indicates: as required,
- * in the "Quantity" column indicates: running meters,
- * in the front of the part no. indicates: part also supplied in an Repair kit.
- * The asterisk in front of the text in the discription column is a symbol for the USA market.
- in front of the color code indicates: part no longer available; the replacement is given after the color designation.

M . . . in the "Type and Model" column indicates: Optional Extras or Deletions,
no entry in the "Type and Model" column indicates: for all models.

() The brackets in the key no. column indicate: the part is not illustrated but corresponds to the illustration without brackets.

Introduction

This parts list contains all the spare parts for the Volkswagen Type 3. Modifications will be covered by supplements. Please observe main groups and the page numbers when replacing the individual pages of the supplement.

All parts itemized in this list are broken down into 10 main groups which correspond to the main units of the vehicle. Each main unit consists of several sub-groups, the number of which varies according to the size and design of the unit.

Within the main and / or sub-groups the parts are listed and numbered in their constructional order. The illustrations have been grouped accordingly.

Each part number consists of nine figures. The first three figures usually designate the type and model except in the case of part numbers (engine and transmission components and parts of the ignition system) which refer to a unit only.

The next figure shows the main group. The following two figures indicate the sub-group. The last three figures represent the actual numerical designation of the part. In the event of modifications to the material or design one or two letters are added to the part number of those parts which are not interchangeable with the previous parts. The alphabetical order indicates the number of modifications made.

The required color code is denoted by 3 numbers or a combination of numbers and letters.

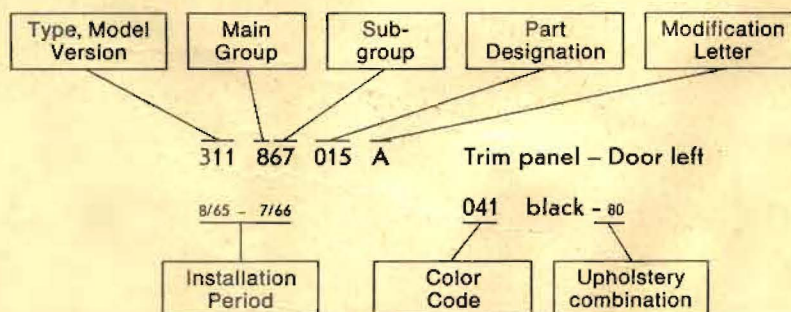

In order to identify the installation period and appropriate color, color combination pages have been inserted in front of the page "Main Groups and Addendum".

This page lists the current exterior paint finishes according to the duration of their introduction. The individual upholstery combinations, combination numbers and color details for wheel discs, rims, steering column tube, gearshift and handbrake levers and seat frames are also shown in the list.

The **installation period** with monthly and yearly figures is given in the column "Part No." in front of the color designation.

The combination number — preceded by a dash — is shown after the **color code with paint designation**. This combination number indicates the **upholstery combination** for which this part is supplied.

Example:

Designations such as front — rear — left — right are determined from the driving seat in driving direction. If a part is available in left and right-hand versions, the odd end figure usually designates the left-hand part and the following item with an even end figure the right-hand one.

Ordering instructions

Observe the following when ordering:

- ① Innumerate the items required in parts list sequence with the exception of standard parts and lacquers which should be shown in numerical sequence at the end of the order.
- ② In case of doubt always indicate: **Type, Chassis and Engine Numbers.**
- ③ Always state the color code of all parts which are supplied in various colours.
- ④ In case of orders by telephone, correct supply cannot be guaranteed.
- ⑤ Designations such as front – rear – left – right are determined from the driving seat facing forward.
- ⑥ Orders for bodies should be submitted on special orders.
